PREMIUM COLORS

Rose Gran-x™

Gray Gran-x™

DURA-TONE™ FIBERGLASS FINISH

EXTRA-DURABLE FINISH PROVIDES A SOPHISTICATED COMBINATION OF TEXTURE AND COLORS.

- Recommended for indoor use
- Ideal for high traffic areas
- Superior resistance to stains and scratches
- Seamless construction
- Available on all Fiberglass Models; upcharges may apply

FIBERGLASS SERIES STANDARD GEL-COAT COLORS

CUSTOM COLORS AVAILABLE.

Colors shown are as accurate as the printing process allows.

FIBERGLASS PREMIUM DURA-TONE™ FINISH

FIBERGLASS PREMIUM CONCRETE FINISH

Sand

Slate

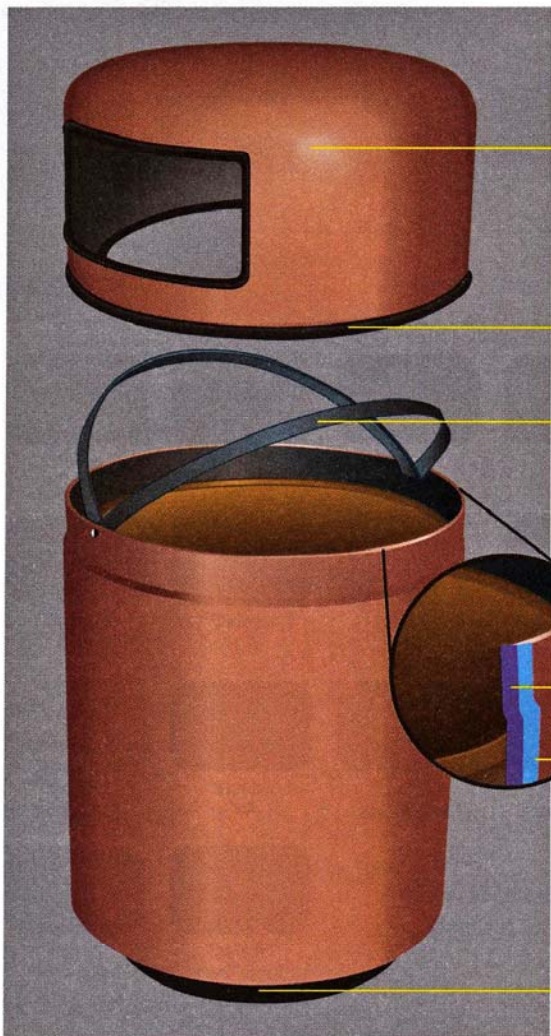

Pebble

CONCRETE FIBERGLASS FINISH IS TEXTURED TO HAVE THE LOOK AND FEEL OF CONCRETE AT A FRACTION OF THE WEIGHT. ITS RUGGED DURABILITY MAKES IT IDEAL FOR OUTDOOR USE.

- Withstands heavy, constant use
- Superior resistance to stains and scratches
- Seamless construction
- Standard for all Cornerstone Fiberglass Models

Standard Gel-Coat, Matte, Dura-Tone™, Gran-x™, Sand-x™, and Fresco Fiberglass finishes are recommended for indoor use. Concrete Fiberglass finishes are suitable for outdoor receptacle installations.

Vinyl trim on edges and disposal openings prevent chipping and damage during maintenance.

Folding retainer bands hold can liners securely inside all two-piece receptacles.

Eliminate unsightly can liner exposure with our exclusive can liner retainer bands.

Seamless, molded construction with multiple thermosetting resin additives.

The Gel-Coat finish will not stain or tarnish and includes a UV stabilizer to resist fading.

Recessed base protects against accidental damage.

Add custom graphics to almost any of our products. Ideal for promoting sports teams, schools and universities, and other branding initiatives.

- Select from four methods to best suit your application
- No minimum quantity
- Turnaround is approximately 6–8 weeks

REQUIREMENTS FOR SUBMITTING GRAPHICS

PREFERRED FORMAT

- Vector files in Adobe Illustrator Version CS3 or earlier (convert all fonts to outlines)

ACCEPTED FORMATS

- EPS, JPEG, TIFF, or print ready PDF with graphics at least 300 DPI and a minimum size of 15" x 15"
- Camera-ready, two dimensional art suitable for scanning with a minimum size of 2" x 2"

WILL NOT ACCEPT

- Low resolution files, i.e. files taken from the Internet

WHERE TO SEND FILES

- Please contact your Rubbermaid Commercial Products Sales Representative for information or call 1-800-347-9800

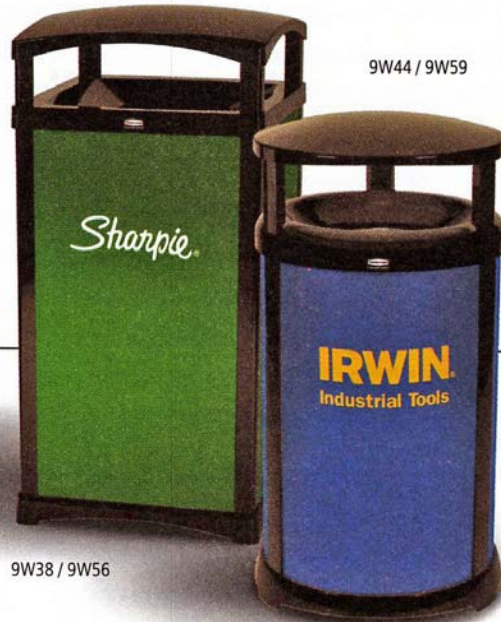

PROOF

- A graphic representation of your artwork on the receptacle will be supplied for your approval

LASER CUT GRAPHICS*

*Not available on Infinity Waste Containers.

These high-quality vinyl decals will capture any logo or graphic, no matter how detailed. The extremely durable UV-protected decals are laminated for indoor or outdoor use and can be cleaned with standard solvents. Logos and graphics are printed in full color with photographic quality, and can be die-cut into most shapes.

9W44 / 9W59

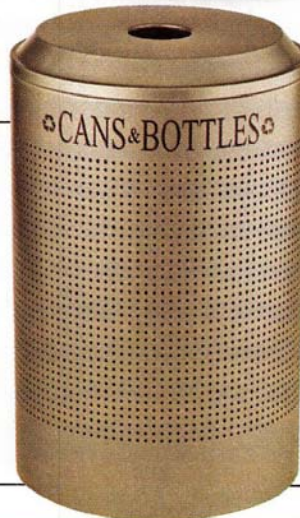

9W38 / 9W56

DECALS

Single-color logos and graphic lettering can be custom die-cut from a variety of stock colors with unique finishes and easily applied directly to the receptacle. Contact your Rubbermaid Commercial Sales Representative for a full list of available colors and options.

DIE-CUT DECALS

Sharp-edged one or two color designs are printed directly onto any flat surface and will maintain their attractive appearance for years to come.
