Rubbermaid Commercial Products LLC operates a quality management system which complies with the requirements listed above.

ISO

ISO is an internationally recognized quality management system that provides:

- Guidance for businesses that want to implement or improve quality systems within their business
- Benchmarks that customers can use to evaluate a supplier's quality system

ISO Certification of the Commercial Products Facilities perfectly embodies Rubbermaid principles:

- ISO certification represents a commitment to continuous value improvement; rather than look at particular products, ISO reviews the systems and procedures through which businesses assure quality products
- ISO certification shows that a company has built a culture of quality
- ISO certification demonstrates a commitment to world class quality systems and the global marketplace

USGBC

As a member of the United States Green Building Council, we are dedicated to promoting products for buildings that are environmentally responsible and healthy places to work. We offer over 1,000 products that contribute to buildings achieving LEED Certification.

Visit www.rcpworksmarter.com for more information on USGBC and LEED Certification.

ASTM

ASTM F-404-99 is an American Society for Testing and Materials' safety standard for evaluating a High Chair. A "test dummy" that simulates a child of predetermined size is strapped into the chair and various push, pulls, and racking tests are conducted on the chair and also using the dummy to simulate forces required to remove dummy, and to determine the safety aspects of ensuring proper confinement within the chair without causing harm to the child.

ASTM F-2285-04 is an American Society for Testing and Materials' safety performance specification that establishes performance requirements, test methods, and labeling requirements to minimize the hazards to children presented by Diaper Changing Tables for commercial use with children up to 50 lbs.

ASTM 615 is an American Society for Testing and Materials standard specification for Deformed and Plain Carbon Steel. This specification covers deformed and plain carbon steel bars for concrete reinforcement in cut lengths and coils.

ASTM C150-07 is an ASTM standard specification for Portland Cement, specifically Portland Cement Type 1, for use when the special properties specified for any other type are not required, and Portland Cement Type III, for use when high early strength is desired.

ADA

- The Americans with Disabilities Act prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation
- Rubbermaid Commercial Products refuse containers need to comply with the ADA regulation; as long as "access openings" for containers are below 48", containers are compliant to ADA regulations
- All Decorative Waste products comply with ADA Reach Range Requirements, except for step can models; all Decorative Waste wall mount models comply with ADA Reach Range Requirements, dependant upon height placement within the mandated "Reach Range"

ADA COMPLIANT

CE

The CE marking (an acronym for the French "Conformite Europeenne") certifies that a product has met EU health, safety, and environmental requirements, which ensure consumer safety. Manufacturers in the European Union (EU) and abroad must meet CE marking requirements where applicable in order to market their products in Europe.

CSFM

California State Fire Marshal listing is obtained for various types of containers once tested (by independent testing laboratories) against specific criteria. Following our receipt of UL and/or FM approval for those items, the results were submitted/accepted by California. The State of California is generally regarded to have the most stringent fire codes of all the United States. For an annual fee (every June 30th) the CSFM listings are updated.

Decorative Waste products that are UL Listed/FM Approved Fire-Safe/Self-Extinguishing and UL Classified are listed by the California State Fire Marshal pursuant to section 13144.1 of the California Health and Safety Code. See CSFM Listing No. 4480-1025:100.

CSFM

FM

Factory Mutual is an independent testing agency whose approvals are based on Standard 6921 Combustible Waste Containers. Standard 6921 is performance criteria for containers with covers (lids) and their ability to withstand internal fires, maintain a certain range of stability, if dumped, and stay intact over a wide temperature range. Standard 6920 is performance criteria for Oily Waste Containers.

Certifications

FDA

Food and Drug Administration does not approve products. The FDA sets regulations which require compliance.

HACCP

Hazard Analysis and Critical Control Points is a systematic method using principles (Food Hygiene Practices) for analyzing a food process and determining the possible chemical, physical, and biological hazards within that process that should prevent any unsafe food from leaving the process (this process could be for a food processing plant or food preparation in a restaurant).

The seven principles are:

1. Application
2. HACCP Plan Validation
3. Quality Manual Review
4. On-site Readiness Review
5. Registration Audit
6. Registration
7. Surveillance

ISTA

International Safe Transit Association. The Compacted Mops were tested and certified via ISTA Test Procedures.

JOINT COMMISSION

The Joint Commission (formerly known as JCAHO) evaluates and accredits nearly 15,000 health care organizations and programs in the U.S. Joint Commission standards address the organization's level of performance in key functional areas, such as patient rights, patient treatment, and infection control.

NFPA

Our Steel and Aluminum products comply with the National Fire Protection Association, Life Safety Code #101, section #31, which states wastebaskets and other waste containers shall be noncombustible.

NSF

National Sanitation Foundation is an independent testing lab/organization in Ann Arbor, Michigan. NSF lists products which meet their criteria for cleanability and sanitation: food contact, splash zone and non-food contact, per Standard 2: Food Equipment and Standard 18: Manual Beverage Dispensers. Also, Standard 21: Thermoplastic Refuse Containers.

OBRA

All UL Listed/ FM Approved Fire-Safe/Self-Extinguishing steel receptacles comply with the following Omnibus Budget Reconciliation Act of 1990 Nursing Home Reform Legislation regulations:

- Quality of Life-483.15(h)(1) Environment
- Dietary Service-483.35(h)(3) Disposal of Garbage & Refuse
- Infection Control-483.65(a) Infection Control Program (c) Storage of Linen
- Physical Environment-483.70(a) Life Safety From Fire (g)(2) Smoking Areas

OSHA

- Decorative Waste products comply with Occupational Safety and Health Administration (OSHA) Standard for Occupational Safety and Health Part 1910.141 Sanitation
- Defenders® Step Cans and Medi-Cans™ comply with OSHA Standard for Bloodborne Pathogens, Final Rule 29CFR, Part 1910.1030

UL

Underwriters Laboratory. The UL Classified baskets (2540, 2541, 2542, 2543, 2544) meet the criteria for UL Standard 242 which is a standard of performance for open top, non-metallic wastepaper containers. UL classified baskets are generally found in use in patient care rooms (hospitals/nursing homes).

Decorative Waste products that are UL Classified have been tested and approved only to burning paper containment and resistance to temperature rise of surrounding surfaces.

Decorative Waste products that are UL Listed / FM Approved/Fire-Safe/Self-Extinguishing have been tested and approved for the fire-safe containment of dry flammable paper waste products.

USDA

United States Department of Agriculture Equipment Listing (Meat and Poultry and 3A Dairy Listing). Items that comply with USDA regulations via the design, construction, and materials of a product.

Legend

Assembly required

Hands-free products that help reduce the risk of cross-contamination

UV stabilizer added for maximum life in outdoor settings

Indicates products that contribute to Green Cleaning and Sustainability

Product & Pricing Notes

- Products and Components are subject to change without notice, and may differ from catalog imagery
- Please note that all RCP items are priced by eaches (except can liners, dust cloths, and SeBreeze® Gel Cassettes)
- Refer to "pack" size for exact carton contents
- All pricing listed is reflected in U.S. dollars
- List pricing is subject to change without notice
